STANDARD STUDENT EXPENSE ESTIMATES

FOR 2014-15

The cost to attend Mizzou is different for each student, depending on variables such as degree program, housing choices, special course fees and individual needs. Budgets used by MU Student Financial Aid in determining eligibility for financial aid include direct university charges and estimates of indirect expenses. MU uses average budgets in the initial determination of need. Because we use averages, the figures used by Student Financial Aid may vary slightly from other published figures.

Note: The cost of attendance presented is a standardized estimate of various university charges and other educational expenses. Amounts are subject to change at any time; however, any tuition or fee increases must be approved by the University of Missouri Board of Curators 30 days prior to the beginning of the academic term. Any approved revision of tuition/fees are effective regardless of whether they have been paid prior to the revision.

Mizzou awards a combination of scholarships, grants, loans and work-study positions. Funds from federal, state, university and private sources amount to more than $441 million each year.

Federal Work-Study is awarded based on a student’s financial need and academic level. Once you have been offered a work-study award, accepted the award and meet all placement criteria, you can apply for available work-study positions at career.missouri.edu/work-study as early as June. You must work to earn this award like any part-time job. The money you earn can then be used for tuition, books or spending money and is paid to you biweekly. Earnings do not automatically credit your student account. If you do not begin work-study employment by October, your award will be canceled. If you do not qualify for federal work-study, check for other student employment opportunities at the MU Career Center: career@missouri.edu. Visit hiremizzoutigers.com for other on- and off-campus jobs.

WHY?
- Reduces the likelihood of being selected for verification
- Reduces the likelihood of inaccuracies on your FAFSA that can affect your eligibility

REASONS YOUR FINANCIAL AID COULD CHANGE
Aid eligibility is not fixed. The following situations may alter your financial aid. Contact your financial aid adviser with questions.

Additional Financial Assistance
Notify us if you receive additional aid, such as private scholarships, fee waivers, employee educational benefits, vocational rehabilitation, etc.

Verification
We are required to verify the accuracy of FAFSA data and might ask you to submit various documents, such as IRS tax information. This could result in changes to your FAFSA information and changes to your financial aid.

Course Enrollment
Enrolling in fewer than 12 credit hours and/or in a Mizzou Online self-paced course might reduce your financial aid. Pell Grant recipients must be able to document attendance.

Special Circumstances
Let your financial aid adviser know if you experience a sudden change in income or expenses. We might be able to reassess your family’s aid eligibility in the event of loss of income, divorce, death in the family, layoff, etc.

RECEIVING YOUR FINANCIAL AID
- All funds except Federal Work-Study are credited to your Mizzou student account, usually 10 days prior to the first day of classes.
- Generally, half of your aid is credited to fall semester and half to spring semester.
- The Cashier’s Office starts processing financial aid refunds shortly before classes begin.
- Financial aid will automatically apply to current tuition, fees and housing charges, and you must consent for it to apply to other charges in myZou. Financial aid will not pay outstanding charges from a prior academic year.

BILLING
- Billing information is in myZou.
- Pay your balance due if your financial aid did not cover all charges by the deadline provided to avoid late fees.

CONTINUED ELIGIBILITY
- Review continued eligibility requirements for all financial aid programs, including scholarships, grants, work-study and loans at financialaid.missouri.edu.

LOANS
- Loans from federal, Mizzou and private sources must be repaid with interest (even if you do not graduate). This includes Federal Direct Loans, Perkins Loans, Parent PLUS Loans (requires creditworthy parent application) and private loans.
- Interest rates are market-based and will be determined by June 30. Loan terms and conditions are available at financialaid.missouri.edu.
- Each federal loan is charged an origination fee by the federal government, which reduces the actual loan amount you receive.

CONSIDER FINANCIAL FIT
Your financial aid package might not cover the entire cost to attend Mizzou. Be sure to carefully consider other financial resources as options and consult with your assigned financial aid adviser to help determine if Mizzou is a good financial fit.

DEAR NONRESIDENT STUDENTS AND THEIR FAMILIES:
Mizzou serves both the resident taxpayers of Missouri and students from across the nation and world. Nonresidents pay higher tuition than residents and often must develop comprehensive financial strategies to cover the cost of a Mizzou degree.

If you are a nonresident, you should carefully consider the financial costs and potential debt incurred while attending Mizzou. Your financial aid package might not cover the entire cost to attend and, while parent loans are available, they require the borrower to be creditworthy. If your parent has adverse credit history, you might find it difficult to finance a Mizzou education. It might not be possible for your parent to seek additional financial support from friends or family or find someone to cosign a loan. To avoid such circumstance, you should carefully consider if Mizzou is a good financial fit.

Nonresident families should plan to pay nonresident tuition each year at Mizzou and may review options to petition for Missouri resident status.
