

Electronic Verification Worksheet Guide

After submitting the FAFSA, a student may be selected for a process called verification. If so, one step that must be completed is a Verification Worksheet. This is completed entirely online, but must be completed by the student and approved by a parent on the FAFSA.

Immediately after our office receives the FAFSA, and finds that a dependent student is selected for verification, the parent is sent an email with the subject line, "myZou Authorized Access Account Setup." This email encourages them to create a login and password for Additional Authorized Access (AAA), which will allow them to electronically "sign" the Verification Worksheet once it has been completed by the student. It is important to note that the link provided in the email is only valid for 24 hours. If the parent does not use the link during this time, they will instead be directed to the login page and will need to follow the "Forgot Your Password?" link to regenerate a new link.

Student Instructions:

To start, the student should go to their myZou To Do List, and click on the "Verification Worksheet" item. Then, there will be a link to follow to complete the form electronically. The student will be prompted to login with their pawprint and password. This will take you to the screen below:
