## Summer 2022 Vocational Rehabilitation Documentation of Assistance

Students receiving educational assistance for tuition and fees from a vocational rehabilitation program are required to provide the Student Financial Aid Office with **documentation of additional assistance received**, including assistance which may be paid directly to the student (such as expenses for books, supplies, room, board, housing, maintenance, and transportation).

The Financial aid office will request this documentation of benefits from each student who receives tuition and fees support from a vocational rehabilitation program at the beginning of each academic year **before releasing any federal, state, or institutional financial aid**. Documentation of benefits must be confirmed by the student’s vocational rehabilitation counselor. Counselors may provide documentation to the student by using this form to document assistance received **or must confirm if the student is not receiving or not expected to receive any assistance other than tuition and fees**.

**THIS STUDENT IS RECEIVING OR EXPECTED TO RECEIVE THE FOLLOWING ASSISTANCE FROM VOCATIONAL REHABILITATION:**

Report specific amounts for the summer term, even if estimated. **DO NOT LEAVE ANY BLANKS. Enter \$0 if appropriate.**

	Summer 2022
Tuition and Fees	\$
Books	\$
Supplies	\$
Room	\$

	Summer 2022
Board	\$
Housing	\$
Maintenance	\$
Transportation	\$

**NOTE:** It is not necessary to report the amount a student is receiving in assistance for **disability expenses** in addition the categories listed above. If a student has disability expenses, he/she may request an increase in his/her cost of attendance for additional disability expenses not covered by vocational rehabilitation by contacting his/her Financial Aid Counselor (<http://sfa.missouri.edu/contact/find-your-adviser.php>).

If information is completed for only one term, financial aid will only be approved for that term until further information is received for the subsequent term(s). The financial aid office will not assume the student is receiving the same amount for each term. As the above student’s Vocational Rehabilitation Counselor, I understand this and confirm the above information regarding this student’s education assistance is complete and true to the best of my knowledge.
